## Letter To The Editor

Editor,  
Didsbury Pioneer,  
Didsbury, Alberta.

Dear Sir:

May we take this opportunity to express our thanks to the people of Didsbury and District for their tremendous help to the Olds Intermediate "B" Hockey Club.

We would like to express our thanks to the Executive and players of the Rambler Club for the benefit game they gave us after our arena fire and also to the Didsbury Arena Committee for their cooperation in ensuring us home ice. A very special thanks to Mr. Chuck Alden who gave his time freely at the ticket office and our congratulations and thanks to the unsung hero, the ice maker, who must have worked non-stop hours to keep the ice as good as it was under such trying circumstances.

You have been great rivals and great competitors. We await next hockey season with the hope that we may then emerge the victors.

On behalf of the players and Executive of the Olds Intermediate "B" Hockey Club we extend our sincere thanks.

President H. T. ANDERSON  
Secretary A. HEINZIG

## Special Services

(From Our Own Correspondent)

The Good Friday service at Redeemer Lutheran Church, entitled "God's Own Sacrifice Complete", an adaption of the ancient Te Deum service, was attended by 240 people.

On Easter Sunday, Pastor Fox, speaking on the Gospel lesson for Easter, preached that Jesus died for us to peace and comfort Christians have on the basis of the truth: "The Stone Is Rolled Away".

He showed how to the soldier guards and the enemy of Jesus found brought fear; but to the women and the disciples of Jesus it was a source of strength.

Because the stone had been rolled away, Jesus said that Jesus is the Lord; it conveys to Christians the truth that the stone and burden of sin which lies heavily on human hearts also has been removed; and finally, it holds out to Christians the glorious promise that the stone will also be removed from our graves. This is the basis of the Christian Easter Joy.

Mr. Frank Gooding and Art were Sunday dinner guests of Mr. and Mrs. Wm. Loader of Calgary.

Mrs. Lawrence Hunter and Donna visited Monday evening with Mrs. Walter Scheidt Jr.

## Hockey Clubs Honored At A Close-Up Banquet . . .

The Didsbury Ramblers, the "best team" in the Chinook Hockey League, ended the current season in a cozy sort of a way when they were the honored guests at a banquet in the school auditorium, Tuesday evening. Also guesting on this occasion were the local midgets; who go by the name of the "Haskies" and were everyday in their league this year. Sounds like there are some good cotton-pickin' hockey players in our midst.

Mr. C. Leeson handled the MC job very capably and the musical assistance and entertainment was given by the Krebs trio, Jim Hooper and Rosemary Callie.

During the evening, special presentations were made to coach Bill

Cowan and Mr. and Mrs. Walter Irwin, who played a large part in the success of the Ramblers this season.

The hockey fans — the real fans — those who arranged and worked for this tribute to the Ramblers and the Haskies are to be commended for a fine job they worked in the lime-light, but the sun will shine on them all the time, regardless of which seat they sit in, in our sports arena.

Mr. Ed Whelan, that genial chap you catch on your TV screen most evenings, was the most popular heads down the hall. The evening was a success, anyone present when he took over the mike. He's on our side too!

## Midway Couple Celebrate Anniversary

Long time residents of the Midway district, Mr. and Mrs. L. L. Bennett, celebrated their 25th Wedding Anniversary on Thursday, March 19th. Approximately 200 relatives and friends gathered at the Cartairs East Community Hall to help the happy couple celebrate the occasion.

Mr. Ray Matley ably acted as master of ceremonies to a fine evening of entertainment of local talent.

Following the program the honoree couple were presented with a service of silverware from relatives, a dinnerware set from May Richardson and a purse of money from friends and neighbors.

A pot-luck lunch was then served by the hostesses, which was eliminated by the cutting of the three-tiered wedding cake.

## CREMONA NEWS

(From Our Own Correspondent)

Best Wishes are extended to Mrs. J. McBain who is hospitalized in the General hospital in Calgary.

Mrs. McBain's west coast holiday was interrupted by her sudden illness. She was on her way to the

coast for Easter when taken ill.

Mrs. L. Reid has returned from the west coast where she has been visiting with her daughter, Mrs. L. Colwell.

Mr. and Mrs. J. Kierspand, visitors with the D. Young family.

The Easter service at the United church was much enjoyed and very well attended. It is an unusual treat for us to have an eve service and a choir, which were appreciated very much. There was a beautiful floral tribute in memory of Mrs. E. Reid.

Miss Adams is utilizing the Easter holidays to have her tonals removed. Best wishes are extended for a speedy recovery.

At the time of writing the birds were singing in the trees but in the downtown area especially, on our favorite hard-top, they were getting dust on their tails and in their eyes. Wonder if the town fathers have considered buying a sweeper so the birds can sing without injuring their vocal cords; wonder if they've considered buying a sweeper so those using the main stems won't suffer from the same affliction; wonder if our beesting will do any good this time? \*

**We Wonder If There ...**

... Are any set rules in these parts as regards to quarantine for communicable diseases. If we read our information correctly there seems to be no attempt being made to enforce confinement in many cases; some have been going by the board with no confinement whatsoever. Sounds to us like its a good way to start an epidemic in one direction or another — sounds to us like it'd be a good situation to stay away from — sounds to us like the powers that there are, should lay the mallet down now, if they have one! \*

**And A Friendly Nod ...**

... To The Didsbury Ramblers, who kept fans on the edge of their seats throughout most of the games they took part in this season in the Chinook Hockey League. Win, lose or draw, the "play-for-fun" fellas were worth watching any time they pinned their blades on. They are all "big-leaguers" in our books. \*

**Guest Editorial****WHAT TO DO  
ABOUT IT ? ? ?**

We notice the discussion on the floor of the Alberta Legislature about what to do with the "accident-prone" drivers. It is also noted that the judgement handed down by an Ontario Judge to the effect that legislation by the provinces which would interfere with the driver's license privilege was contrary to the Criminal Code of Canada. This followed a similar ruling by a judge in Manitoba and caused considerable consternation amongst the provincial legislators. But now since the Court of Appeals has ruled that the constitutionality of provincial authorities to close in on the "accident-prone" drivers and forbid them access to the highways.

It was proven by statistical observations made in Manitoba, and in certain states, that the victims of fatal motor car accidents were people who had been in at least five previous motor car accidents. The other 90 per cent of the victims were often the victims of these drivers.

Premier Manning and his followers have not committed themselves to what course they will follow, but was interesting to note that there is already a beginning towards setting up such records in

**FORMER RAMBLER  
STILL IN HEADLINES**

Cec Papke, a former star with the Didsbury Ramblers, can't seem to stay away from the ice lanes. Living in Estevan now, Cec has been coaching and playing in that centre.

This year he coached the team, managed to win the league scoring title (47 points), and was awarded a trophy for his efforts.

The Estevan club went through the season with only one loss (an overtime one) at that.

Alberta According to the Manitoba system which the Judge first ruled as unconstitutional, the Highways Minister has the right to withdraw or withhold the license of any driver who has indicated by his record that he is a menace to public safety. Going further on this idea of driver control, we were impressed by the action of a Magistrate in Grande Prairie who sentenced a driver to six days in jail for the second offence of driving while his driver's license was under suspension. The comment was that he considered the driver's action as contempt of court.

**Canadian Western Natural Gas Company Limited**

**50 YEARS  
from  
BOW ISLAND**

Half a century ago natural gas was discovered near Bow Island in Southern Alberta.

A few years later a pipeline was constructed from the resulting gas field to Calgary, and Alberta residents were able to enjoy natural gas service for the first time.

Looking back over these 50 years, Canadian Western Natural Gas Company Limited can see many changes. Improved methods of pipeling, for example, can be noted by comparing the methods used in 1908 when the first gas line was laid to lay the methods of 1912. The Bow Island to Calgary line was built without the help of power machinery, except for a ditching machine. The pipe itself was constructed by hand with Drescher couplings not welded as pipe is today.

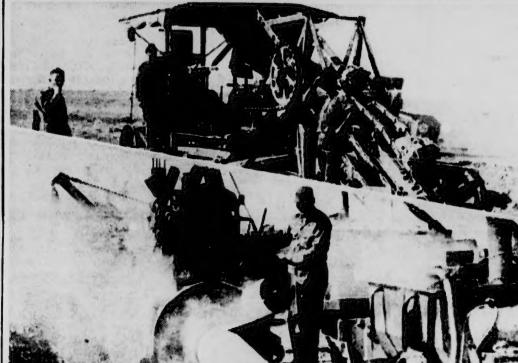

Despite today's improvements, we still admire the efficient job done on the 50-year-old line. This is evidenced by the fact that the original pipe is still in the ground, still serving the citizens of southern Alberta.

Other changes in gas company operations have taken place since 1908. I blew my nose and consumers can certainly see big changes and improvements in the gas heating equipment and appliances in their homes.

It will be interesting to look back another 50 years from now and compare 1958 with the year 2009. Most Alberta homes will also be heated by coal, oil, natural gas and propane. The kitchen range may have an Infra-Red gas range, which will cook food faster and more efficiently. We can only suggest that our customers install gas heaters in their helicopter garages.

The dust, of course, comes from burning coal, oil and propane. Air from all parts of the home constantly is being recirculated through the system and the house will always be heated as evenly as possible. The Infra-Red range is generating countless tiny air currents.

Signs of a clogged filter indicate failure of range to deliver enough warm air but the good housekeeper won't wait until that stage.

**Checked your  
FURNACE FILTER  
lately?**

If it seems like you've had a long winter — remember, it's not just as long for that filter in your furnace. Don't neglect to replace or clean it.

A small replacement just won't do more repairs in continued top performance — and the discarded filter may be considered to have many useful parts left in the cleaning and laundry stages it has brought about.

**FEATURE by FEATURE . . .**

**today's  
Gas Ranges  
are  
all new**

In the field of gas appliances, models complete with the latest improvements are referred to as "state-of-the-art" models. And during March we have suggested that you look at the "top-of-the-line" gas ranges now on display. These included in the 1959 gas ranges make all other cooking methods old-fashioned! Here are some of the features available on today's better gas ranges.

Separate meat ovens feature thick insulation, good circulation and improved door seals for even heat. Oven windows, interior lighting and extractivity are available on models. One maker offers an "oven inside" sign.

Oven controls give extra freedom. One controls six hours of cooking time. New oven burners are faster yet than ever.

"Top" burners with a brain" are being used with built-in griddles for sure results without burning, sticking or smoking.

Super-speed burners, smaller units and disposable aluminum liners for burner heads are some other features.

All gas ranges are easy to clean. In one model the entire top lifts off as a single unit. In others, oven doors and surface units offer the widest flexibility of arrangement in cooking history. Their popularity is still increasing.

## DISTRICT NEWS

### LIGHT YOUR WAY . . .

### ... WITH BIBLE STUDY

"He who thinks about many things, thinks of nothing, and does nothing, that is good." This is an old saying, and we may apply it very aptly to another phase of prayer: What should be our attitude in prayer?

A good, active barber must keep his thoughts, mind, and eyes closely on the razor and the hair and must not forget where he is with his stroke and shave. But if he wants to gossip freely at the same time or let his thoughts or eyes go elsewhere, he may well cut off a man's mouth and nose and throat choke. Thus every matter, if it is to be done well, calls for the attention of the whole person.

This also applies to prayer. If our prayer is to do good, it demands the undivided devotion of the entire heart. We all well know how the human heart can be divided. It is weak and weary here and there. And we ourselves can so easily fall into the habit of reciting prayers without giving thought to what we are saying. Of such the Lord spoke, when He said: "These people draweth nigh to me with the lips and honor me with the tongue, but their heart is far from me."

Another point deserves our consideration here. It is of little importance whether you are a Christian or a atheist yourself. If when you pray Postures of the body are neither forbidden nor commanded as necessary. This same thing applies to other things: raising the head and the eyes heavenward, folding the hands, striking the breast. Only bear one thing in mind. If Christians have a certain habit when they pray, let them not despise them for it. For many of the habits are grounded on Scripture. St. Paul says: "For this cause I bow my knees unto the Father of our Lord Jesus Christ." You may kneel when praying. Kneeling is a sign of humbleness. So also bowing the head. The manner of holding the hands also depends on how the hands are folded, either a willing for mercy, an imploring for help, an indication that we come empty-handed. Remember, when you pray, let it be from the heart. Talk to God.

— KNOX W.A. HOLD  
REGULAR MONTHLY MEETING

The Knox United Church W.A. Evening Group held their regular monthly meeting in the church basement, on March 23rd with Mrs. W. Constance Hooper.

51 Members and guests including members of the Afternoon Group and the Westwood W.A. were present.

Mrs. O. W. Thorne of Red Deer gave a very interesting talk on the purpose and activities of the Missionary and Maintenance Department. The meeting was

### M.V.B.C. NEWS

(From Our Own Correspondent)

The college choir has begun its itinerary for the closing days of school. On Sunday they sang twice, and last Friday evening the presented their program at the James River church. This coming weekend they will sing at the Methodist Church, Sunday on Friday evening, in Parkdale United Missionary Church on Sunday morning, and in the Montgomery church in the evening. The young people enjoy singing the songs they have prepared under their Director, Rev. Aubrey Witt, and you will want to hear them when they sing in the Didsbury Church, Sunday April 12, at 7:30 p.m.

The Senior Breakfast was held in the college dining room Friday morning at 8:00 a.m. The room was beautifully decorated with their class flower, the orchid, and their motto. "Bearing Precious Seed" used as the basis for their musical numbers and messages. The orchids were sent by friends in Hawaii as a gift to the Senior Class, making it possible for them to have this lovely flower for their class this year. Mr. Ormond Sherck, president of the Senior Class introduced the speaker for the occasion, Rev. Spate of the Old Baptist Church. The message was well received, and applied to the future vocations of the senior class for most of them are planning to enter some field in research work of some sort or another. Mr. Stewart Flynn addressed the seniors in appreciation of the event, as President of the Junior group of the college.

Mr. and Mrs. Paul Lancaster and family, and Mr. Hugh Taylor, father of President Taylor, were guests of President and Mrs. Taylor on Sunday.

The footings of the president's home are being put in now, and work is beginning on the construction of the house this week. Mr. LaVerne Neufeld will be in charge of the construction. We expect this house to be finished before the Taylor's leave for their summer work at Winona Lake School of Theology in Indiana, in June.

This Thursday evening Mr. Waldin will be giving his annual speech Recital in the Studio Centre. The finalists in the Student Center Speech Award will be heard and judged that evening. Mr. Waldin will present a play entitled, "The Remission" will also be the main feature of the evening. Mr. Waldin has through the years, produced worthwhile plays with Biblical emphasis, and the one he has chosen this year promises to be superior. Members of his speech classes will form the cast. The recital will begin at 8:00 p.m. Everyone welcome.

Mr. and Mrs. R. Shannon of Acadia Valley, parents of Mrs. LaVerne Neufeld were campus guests during the weekend.

heen opened for a question period, which Mrs. Thorne was well qualified to answer.

The meeting came to a close with a special duet sung by Mrs. Neil McKay and Mrs. Carlton Leeson.
